

STUDENT GENERAL FEEDBACK FORM

Feedback is an important way of gathering information to quality assure the training and to ensure that student services are meeting your needs. It is also a way of acknowledging good practice by the College and Staff. This is a general form and students can use to provide general feedback they may have at any time regarding the training programme they are involved with. Other questionnaires / destination surveys regarding student feedback will be made available to students throughout the year. Please submit to Admin@dnakingstontraining.edu.au.
